

USSF North Carolina

New Referee Registration and Course Access

Friday, July 9, 2021

The 2022 New Referee Registration and Eligibility is now open and functioning. To be able to see this page for access you MUST first complete registration as this page is only accessible to members of the USSF-NC Arbiter Group. The post containing the Referee Registration is under the 2022 Registration/Certification tab as well but that page is open to anyone. To be clear, the page you are currently on is for information only. The access page for the new referee grassroots course is under the Eligibility tab but it is only accessible after completion of registration.
